

NAME

Currently an intern at the New Theatre Royal in Portsmouth, working in production, working mainly with lights.

I have experience in the television, film and theatre industry along with experience in retail and catering.

My goal after my internship ends is to find a full time job in production, either in the TV, Film or Theatre industries.

Production Intern

New Theatre Royal

August 2015 - Feb 2016

In August 2015 I started an internship at the New Theatre Royal in Portsmouth. As I joined, the theatre was just about to reopen from a multimillion pound refurbishment. In my time here I have been able to try my hand at flying, sound and lights. I naturally took more to lights as I have previous experience with them, however, since being here I have learnt how to use a lighting and sound desks and rigging for incoming shows, as well as general day to day running of a theatre.

Director

Thats Solent

Nov 2014 - April 2015

My role at the station is to help set and up and get all the tech kit ready so we can go live, I either vision mix or control sound, if i'm with someone, and if not I, with the help of a presenter, run the show all by ourselves. It is great experience to be gaining. There is a lot to learn by being thrown into the deep end.

Head of Entertainment

UPSU TV

May 2014 - May 2015

In May 2014 I ran for the role of Head of Entertainment at UPSU TV. Having been successfully voted in, it has been my job to produce new and original content, which included producing VT's for live broadcasts.
