PROFESSIONAL EXPERIENCE

JULY 2016 – AUGUST 2016

GRAPHIC DESIGN ASSISTANT : 2LK DESIGN : EXHIBITION DESIGN

- I worked alongside the graphic design team, in an agency environment with others working in varying roles within the company. I feel that it has massively motivated me to want to work in the industry. I know now that I enjoy working in an agency environment, with a fast paced atmosphere.
- During my time I worked on a number of live client briefs and projects at the same time, aiding my ability to manage my time.
- An area that I found particularly interesting was developing the presentations for pitch proposals, this client pitch is something that I would like to go into in the future.

ACHIEVEMENTS

JANUARY 2017

- In 2017 I was selected by the RSPB and Strong Island for my response to a live brief project to create a poster that promotes Langstone Harbour. I was awarded a commendation for my work and my poster is being exhibited as part of a showcase in the summer of 2017.
